PROBLEM STATEMENT

Creating a comprehensive and visually appealing portfolio website that showcases an individual's skills, experience, and achievements in a clear and concise manner, making it easy for potential employers or clients to assess their qualifications and suitability for a role or project.

PROJECT OVERVIEW

Design and develop a responsive and user-friendly portfolio website that highlights an individual's personal and professional information, skills, experience, and achievements, using HTML, CSS, and best practices in web development.

Who are the end users?

- Potential employers or recruiters looking to assess a candidate's qualifications and suitability for a role.
- Clients or customers looking to evaluate a freelancer's or consultant's skills and experience.
- Peers or industry professionals looking to network or collaborate with the individual

Tools and Technologies

- The tools and technologies used to build this portfolio website include
- HTML (Hypertext Markup Language) for structuring and organizing content.
- CSS (Cascading Style Sheets) for styling and layout.
- JavaScript (optional) for adding interactivity and dynamic effects

Portfolio design and layout

- A header section with a title and navigation links.
- A hero section with a brief introduction and call-to-action.
- Sections for showcasing personal and professional information, skills, experience, and achievements.
- A footer section with contact information and social media links.

Featured and functionality

- Responsive design that adapts to different screen sizes and devices.
- Clear and concise presentation of personal and professional information.
- Showcase of skills, experience, and achievements.
- Easy navigation and accessibility.
- Contact information and social media links.

Results and Screenshot

The result of this project is a fully functional and visually appealing portfolio website that effectively showcases the individual's skills, experience, and achievements, making it easy for potential employers or clients to assess their qualifications and suitability.

Personal Information

Full Name: Rikaya samikka
Date of Birth: **03/08/2007**
Contact Number: **+123-456-7890**
Email: rikaya@example.com
Address: 123 Main St/58 first floor,jayalakshmi nagar,cuddalore
LinkedIn: [linkedin.com/in/rikaya](#)
